Attached is the revised report. I had them update references.

Please do not release to the public. We are planning to release the NMED and Weston reports at the same time.

Thanks.

Subject: Question on NMED Private Well Sampling Report - Oct 2015

LaDonna, Lisa,

Did you review NMED's report on the private well sampling? Want to know if you had any comments/concerns that need to be addressed or where addressed. I think Angelo Ortelli prepared it. Is the Oct 2015 report the final?

I never read the report previously and am really surprised at the effort.
